

Impact | Puget Sound Elementary

Annual School Performance Report
2018-19

Dear Impact Families:

We built an amazing school together last year - from nothing. Where there was once a near vacant building, there is now a joyful school filled with our state, nation and world's future leaders. Where there was once a pile of dust and dirt, there is now a bright and lively playground. Where there was once just a conceptual vision, there is now a committed team of faculty, school leaders and families that have an unwavering commitment to our shared mission. Where there was once a large and growing opportunity gap in Tukwila, there is now a closing gap and a school filled with students who exceed academic expectations while simultaneously developing deep and meaningful social emotional learning skills, including skills connected to diversity, equity and inclusion. We are proud of what we were able to accomplish together last year, and we are excited about the promise of the 2019-20 school year.

What follows this letter is our Annual School Performance Report for the 2018-19 school year. We would like to highlight our reading and math results on the national norm-referenced NWEA MAP Assessment. These results show that Impact made incredible gains in reading and math, and that they met their growth targets at exceptional rates - rates that put Impact among the highest performing schools in the country.

We are grateful for your support and always value your input, so please get in touch if you have any questions, concerns, or ideas.

In gratitude for your partnership,

Jen Wickens
CEO & Co-Founder
Impact Public Schools

Our Mission

- ★ We prepare a diverse student population to succeed in college and impact communities as the next generation of equity-driven, innovative leaders.
- ★ We make a broader impact on public education by advocating for policies that close the opportunity gap and provide all students a high-quality education.

Who We Serve

Last year, Impact | Puget Sound Elementary served **178 scholars**. The school met its goal to serve a diverse and high need student population.

- 71%** Low-Income
- 81%** Students of Color
- 39%** English Learners
- 11** Languages Spoken

- 52%** Black
- 19%** White
- 14%** Latino
- 8%** Mixed
- 7%** Asian

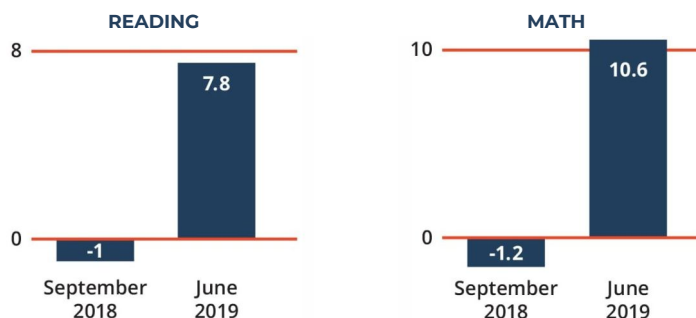

Languages Spoken:

Amharic, Bosnian, Burmese, English, Oromo, Punjabi, Somali, Spanish, Tigrinya, Urdu, Vietnamese

Academic Performance Data

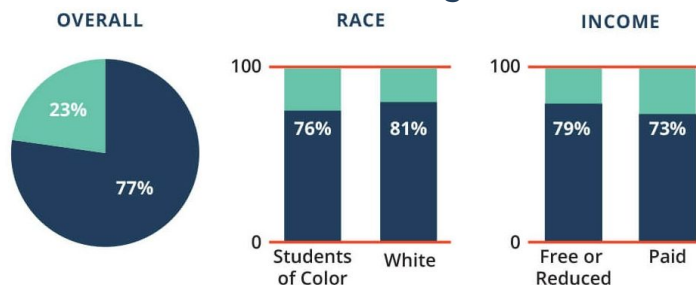

Impact scholars made significant gains in reading and math according to the national norm-referenced NWEA MAP Assessment. In both reading and math, Impact scholars went from below the national norm at the beginning of the year to well above the national norm at the end of the year.

NWEA MAP Assessment: Baseline to End of Year

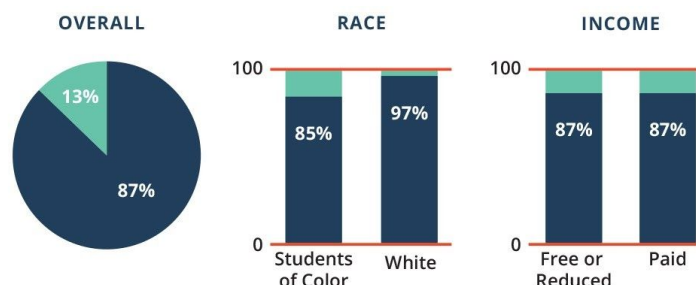

Impact scholars also met their NWEA MAP growth targets at high levels. 77% of scholars met their reading growth targets and 87% of scholars met their math growth targets. Students of color and low-income students also met their growth targets at high rates, as shown below. Additionally, 81% of English Learners met their growth targets in reading and 91% of English Learners met their growth targets in math.

Summary of Community Feedback

- 98%** of families would recommend Impact Public Schools to another family.
- 98%** of families think that communication with the school happens in a respectful manner.
- 96%** of families agree that their child feels safe at school.
- 94%** of families agree that Impact faculty set high expectations for scholars.
- 94%** of families think their scholar's academic performance has improved since attending IJPSE.

Plans to Achieve Learning Goals

Impact | Puget Sound Elementary balances rigorous academics with a robust social emotional curriculum and rich, engaging real-world projects. This decolonized curriculum ensures that students receive excellent instruction every day and develop into active community members prepared to transform the world around them. Every scholar participates in a small, targeted reading and math group each day, ensuring everyone grows!

Learning Improvement Plans

Students who are significantly below grade level in reading, writing, or math are identified every 6 weeks and receive intensive small group support and weekly progress monitoring in addition to grade level instruction.

Invitation to All Parents & Citizens to Participate in School Activities

Throughout the year, we gather feedback from our stakeholders via surveys, Village Action Committee meetings, Principal Coffee Talks, conferences, and informal conversations. Through these channels, we learned that we needed to streamline communications and offer easier access to translated materials. We also found that areas for improvement included meals, arrival, and dismissal. For these reasons, we have implemented new communication systems that translate communications into multiple languages, and new procedures for meals, arrival and dismissal. All are welcome to provide their feedback by contacting the main office at 206-712-7640. Families and community members also join us throughout the year to participate in our student showcases, and to volunteer on our campus. If you are interested in volunteering at our school, please contact the main office at 206-712-7640. For upcoming events, please visit impactps.org, ParentSquare, or contact the main office for a copy of the calendar.

Revenues & Expenditures

Revenues

- Basic Education: \$2,257,989
- Federal Revenue: \$531,601
- Other State Revenue: \$328,601
- School-Based Revenues: \$198,797

Expenditures

- Compensation and Benefits: 46%
- Services & Other Operating Expenditures: 27%
- Facilities: 19%
- Books and Supplies: 8%

Total expenditures per pupil: \$14,844

Attendance

For the 2018-19 school year, our attendance rate was 95%.

Our Building

- The wing of our building where classrooms are located was completed in the summer of 2018, so classrooms remain in good repair.
- In June 2019, our new playground was completed.
- In the summer of 2021, we will renovate the 2nd and 3rd floors for student use as our school grows to serve more grades.
